✚ employment

General Assembly

Web Development Immersive | Junior Web Developer   Sep 2014 to Dec 2014

General Assembly's Web Development Immersive (WDI) is a 12-week long boot camp dedicated to designing and building web applications.

Projects

RESTaurant - *CRUD application for waitstaff to manage food orders*
- Achieved CRUD functionality via RESTful routing in Sinatra
- Designed front-end using HTML, CSS, and Bootstrap

Whiskers - *game modeled after hangman*
- Designed and developed with HTML, CSS, and Ruby
- Made AJAX requests with JavaScript

Hike - *location-based hike-finder developed as part of a group*
- Extensively used HTML and CSS to construct the front-end design

Basic - *web application that measures how "basic" one is by utilizing Instagram's API*
- Developed with Ruby on Rails
- Used Bootstrap for navigation and layout

Time Out New York

Marketing Intern   Jan 2014 to May 2014
